ITINERARY

3 Days

DAY 1

We collect you from your hotel or Johannesburg Airport and travel via Dullstroom to Marc's Treehouse Lodge. There you will board an open Landcruiser for a sunset game drive in Motala Game Reserve. After dark, spotlights are used to locate nocturnal animals. Dinner and overnight at Marc's Treehouse Lodge.

Accommodation: Treehouse

Meals included: Dinner

DAY 2

After breakfast you travel in an open-sided Gameviewer to the Orpen area of Kruger Park. The added elevation and absence of windows allows for excellent viewing and photographic opportunities. Your qualified guide will show you various animals large and small, that frequent this outstanding wildlife paradise. This zone of the Kruger has the highest percentage population of giraffe, zebra, wildebeest and impala that attract numerous lions and other predators. After a day spent in Kruger, we make our way to Marc's Treehouse Lodge where you will enjoy dinner and overnight in your fascinating Treehouse.

Accommodation: Treehouse

Meals included: Breakfast, Dinner

DAY 3

We have an early morning bush walk accompanied by an armed ranger. You will be shown various interesting details of the bush, including insects, spoor and scats. You have an excellent chance of encountering Nyala, Buffalo and other game on foot. After breakfast, we drive to the Three Rondawels of the Blyde River Canyon. We return you to your hotel or airport at around 17h00.

Meals included: Breakfast

Tour Information

ACCOMMODATION:

On your first night you will be accommodated in your Treehouse at Marc's Treehouse Lodge. The Tree House Camp is secure, comfortable and relaxed. We offer 12 tree houses: four original units built in the trees with designated private ablutions on the ground below and eight en suite units built on stilts within the tree canopy. Three treehouses overlook an illuminated waterhole, often frequented by our resident buffalo herd while nine treehouses are discreetly nestled in gallery forest along the river. Each treehouse is supplied with bedding, linen, soaps, towels, mosquito nets and fans.

ABOUT THE KRUGER:

Kruger National Park is among the world's greatest nature reserves. It is one of the few places on earth where wildlife can be seen in such great variety and at such close quarters. Some 520 bird, 114 reptile and 146 mammal species, including the fabled Big Five - elephant, rhino, lion, leopard and buffalo, densely populate the park. Although in nature there are no guarantees, in Kruger Park you stand the best chance of thrilling sightings of game. From some of Africa's largest prides of lion, to birds found nowhere else within the country's borders.

The present Kruger Park is immense, covering 19,685 km², an area almost the size of Wales or two thirds of Belgium. There are more than 3000 km of roads on which to explore the Park. Obviously in a limited time, one can do only so much, however our experience shows us which are the best roads to take at certain times of the year, ensuring you get

the most of your visit to the Park. Our tour focuses mainly on the Central and Southern areas of the park, as it has the largest concentration of game.

CLIMATE:

In winter (April to September) the days are mild (average about 23° C), with sometimes cool nights (down to 6° C). In the summer the days average 30° C, but sometimes exceed 40° C, with the welcome cooling effect of afternoon thunderstorms. Rain in the summer months (October - March i.e. "rainy season") varies from about 800mm in the south, to 500mm in the northern areas.
