ITINERARY

3 Days

DAY 1

We collect you from your hostel or Johannesburg Airport and travel via Dullstroom to Marc's Camp in the Motala Game Reserve. Here you will transfer to an open Gameviewer for a sunset Safari game drive. Dinner and overnight will be at Marc's Camp in your tent which has a bed and bedding, towels and soap, an electric light and fan.

Accommodation: Secure permanent tents with beds & bedding provided

Meals included: Dinner

DAY 2

After breakfast you travel on an open-sided Gameviewer vehicle to the Orpen Gate of Kruger. The added elevation and absence of windows allow for excellent viewing and photographic opportunities. Your qualified guide will show you various animals, large and small, that frequent this outstanding wildlife paradise. This zone of Kruger has the highest percentage population of giraffe, zebra and antelope that attract numerous lions and other predators. After a day spent in Kruger we make our way back to the camp where you will enjoy dinner and overnight in your tents.

Accommodation: Secure permanent tents with beds & bedding provided

Meals included: Breakfast, Dinner

DAY 3

We have an early morning bush walk accompanied by an armed ranger. You will be shown various interesting details of the bush, including insects, spoor and scats. You have an excellent chance of encountering Buffalo, Nyala and other game on foot. After breakfast, we drive to the Three Rondawels of the Blyde River Canyon. We return you to your hostel or airport in Johannesburg around 17h00.

Meals included: Breakfast

ABOUT THE KRUGER:

Kruger National Park, in the Mpumalanga Province of South Africa, is among the world's greatest nature reserves. It is one of the few places on earth where wildlife can be seen in such great variety and at such close quarters. Some 520 bird, 114 reptile and 146 mammal species, including the fabled Big Five - elephant, rhino, lion, leopard and buffalo, densely populate the park. Although in nature there are no guarantees, in Kruger Park you stand the best chance of thrilling sightings of game. From some of Africa's largest prides of lion, to birds found nowhere else within the country's borders.

The present Kruger Park is immense, covering 19,685 km², an area almost the size of Wales or two thirds of Belgium. There are more than 3000 km of roads on which to explore the Park. Obviously in a limited time, one can do only so much, however our experience shows us which are the best roads to take at certain times of the year, ensuring you get the most of your visit to the Park. Our tour focuses mainly on the Central and Southern areas of the park, as it has the largest concentration of game.

CLIMATE:

In winter (April to September) the days are mild (average about 23° C), with sometimes cool nights (down to 6° C). In the summer the days average 30° C, but sometimes exceed 40° C, with the welcome cooling effect of afternoon thunderstorms. Rain in the summer months (October - March i.e. "rainy season") varies from about 800mm in the south, to 500mm in the northern areas.
