Information is subject to change. Travel times and accommodation can change depending on road or weather conditions, etc. These are used as a guideline only.

DAY 1: VICTORIA FALLS, ZIMBABWE – CHOBE NATIONAL PARK

We recommend you arrive at Victoria Falls a few days early, so you can visit the Victoria Falls National Park and Zambezi River.

From Victoria Falls we travel the short distance to the Botswana border and cross into the small town of Kasane where we check into our accommodation. This afternoon we head out on a game drive and boat cruise in the Chobe National Park. Chobe is widely known for its populations of elephant, but the park also contains lion, leopard, hyena, giraffe and a host of antelope and birdlife. The Chobe floodplains and Chobe River provide a sensitive eco system which attracts much of the wildlife of the region, especially in the dry season when it is not uncommon to see between 500 and 2000 elephants on the floodplains at one time. One highlight of Chobe is the combination of wildlife, birdlife and reptiles seen along the banks of the Chobe River. We take the afternoon cruise for a unique perspective of river-side wildlife. This evening we relax and overnight at the lodge.

DAY 2: CHOBE NATIONAL PARK - GWETA

Following breakfast, we depart for Gweta. Driving south we may be lucky to encounter elephant or buffalo alongside (or on) the road, often strays to the migratory herds which roam freely throughout the area in search of pasture and water. We stop in the small settlement of Nata for lunch before continuing to Gweta. Try the optional Baobab Forest tour to see these great natural giants. The night is spent at the lodge.

DAY 3: GWETA - MAUN

After an early breakfast we join a guided walk through a local Tswana village to learn about the life of the community, from schools and doctors to trading and traditions. We then depart and head west to Maun, the gateway to the Okavango Delta. Maun has experienced rapid growth in recent years and is a bustling provincial centre. Optional activities here include scenic flights, but our priority is to prepare for our excursion into the Okavango Delta. The afternoon is at leisure to relax with a cool beverage and pack for the Delta excursion for the following day.

DAY 4: MAUN – OKAVANGO DELTA

Heading out early after breakfast we begin our excursion into the Okavango Delta. The first part of the journey is by 4x4 over rough sandy paths to the 'mokoro' station, where the river level reaches. Here we are introduced to the local

Tswana 'polers', who will be our guides for the excursion. We transfer our luggage and equipment to the mokoros (dug-out canoes) and head off into the delta.

We travel by these shallow canoes amongst giant lily pads, tall grasses, and labyrinthine channels to our camp on the edge of the Okavango. From our camp we venture out on a guided walk in search of some of the prolific birdlife and larger mammals that inhabit the reserve. The whole area is a natural wetland spreading over some 1,600,000ha of northern Botswana offering a perfect habitat for the wildlife that roams here freely.

The Okavango River rises in Angola (far to the north) and flows south dividing repeatedly to form an intricate floodplain of channels and swamps which then spreads out into a broad flat inland delta - the only one of its kind in the world. We enjoy the afternoon wilderness experience and for many people the feeling of being at camp overnight is an unforgettable experience.

DAY 5: OKAVANGO DELTA - MAUN

This morning we explore the surrounds on a nature walk where you have the thrilling experience of being out in the natural wilderness. This is a great way to enjoy the sights, sounds and smells of nature as it wakes for the day. After our walk we enjoy breakfast, we then pack our belongings and head back onto the mokoros, leaving nothing behind but footprints. Returning to our 4x4 and bidding our polers farewell, we return to Maun. The afternoon offers the opportunity to join the guide for a trip into town for a little shopping. Another popular activity here is an optional scenic flight over the 'Delta' for a bird's eye view of the wilderness you have just explored by mokoro and on foot. Prices depend on number of people interested. Seeing the vastness of the Okavango from the air gives a further appreciation of the beauty of this part of Africa. We return to our lodge for dinner and overnight.

DAY 6: MAUN – KHAMA RHINO SANCTUARY

Another early rise for our long journey skirting the greater Kalahari. We may glimpse the vast salt pans of central Botswana as we head towards Khama Rhino Sanctuary which we normally reach by late afternoon.

We take a game drive to catch sight of the rhino with guides often pointing out interesting facts about the local fauna and flora. Our last night on safari is spent at the Stevensford private nature conservancy situated on the Limpopo River in Botswana's Tuli Block. At 3500 ha, this reserve is home to many species of antelope, crocodile, hippo, zebra, giraffe, and a plethora of bird species.

PCR Testing / Requirements

All guests participating in this tour should adhere to and be familiar with any mandatory covid-19 vaccine requirements or PCR testing requirements of the country/countries being visited. All costs associated with PCR testing will be for the guests' own account.

Maximum Number of Passengers

With a maximum group size of 8 to 12 passengers, you benefit from a small group experience. Minimum age on this tour is 8 years old.

Tour Style

To allow for the highlights and experiences packed into this tour, some long distances need to be covered. To minimise the impact travelling inevitably will have on a tour of this nature, we have allocated some days as longer driving days than others. Our intention is to cover the necessary ground as quickly and safely as possible with minimal delays. Border crossings, in particular at Beitbridge (day 4) can be tedious, as are the number of police road checks currently in place in Zimbabwe. We ask that you remain patient throughout. Africa is a wonderful continent to explore but there are occasions when it helps to remember that we are guests here and that when travelling sometimes things will take longer than we would like or expect at home.

Arrival / Departure

Please be sure to arrive 1 day before your tour is due to depart. This will avoid any unforeseen problems. We also highly recommend that you book your flights to depart the day after the tour officially ends to allow for delays and changes.

Pre and Post Tour Accommodation

If you require accommodation before or after your tour, we can arrange this for you. We can also arrange airport transfers – contact your Detour Africa travel agent to make these bookings.

What's included

All tour highlights, twin share accommodation as indicated, services of an English-speaking driver / tour leader, all road and vehicle taxes, all ground transportation, meals as indicated.

What's excluded

Visas, travel insurance, flights, airport transfers, optional activities, laundry, gratuities, passport & visa fees, items of a personal nature. Meals not included are purchased en-route for lunches, and in restaurants for dinner when in towns. Please ensure you budget for these.

Local Payment (Safari Pass)

The mandatory Local Payment (Safari Pass) is paid to your tour leader at the beginning of the tour in USD cash, US dollars in clean, un-torn post 2008 edition notes (or pre-paid by arrangement at the time of booking). It is separate and in addition to the Tour Price and covers the cost of selected park entries, activities, and excursions as well as some accommodation along the way. The purpose of the separate payment is to ensure local suppliers benefit directly from your visit at the time of travel.

Countries Visited

South Africa, Botswana, Zimbabwe

Accommodation

Twin share accommodation with en-suite facilities as indicated. We mainly use accommodation situated in comfortable and picturesque locations with a pool, restaurant, and bar.

Please note that whilst every effort has been made to select accommodation of a consistent standard throughout the tour there are areas where this is difficult to achieve. We have not designed the tour with international standard hotels in mind but instead have sourced privately owned properties more suited to the environment and our philosophy of helping local benefit from tourism. For that reason, accommodation, hotel facilities and service levels may vary from area to area between and within countries. To a degree this reflects local infrastructure, tourism development, and of the communities whose areas we are visiting. At times you may find lapses in service frustrating, but we ask your patience and that you consider it part of the African experience. Naturally your tour leader will do all he/she can to rectify any problems that may arise as the tour proceeds and although we ask that you accept that not everything on tour is under their or our control.

Transport

Minibus, custom-built vehicle, 4x4 open safari vehicle, river cruise boat, mokoro (please note vehicles are not air conditioned).

Game Park visits

To maximise the quality of game driving and to comply with local authority rulings, some of our National Park visits and game viewing is carried out using services provided by local African ground handlers. As well as enhancing our experience using local guides and smaller vehicles it also allows us to contribute at a 'grassroots' level to local economies from which local people benefit.
