Kruger National Park

Established in 1898 to protect the wildlife of the South African Lowveld, this national park of nearly 2 million hectares are unrivalled in the diversity of its wildlife and a world leader in advanced environmental management techniques and policies. Approximately 145 mammal species, a list of over 500 bird species, some of which are not to be found elsewhere in South Africa, and 336 tree species occur in the park. When the first tourist cars visited the park in 1927, they made their own camps in thorn-bush enclosures and had to carry weapons to protect themselves from predators. During the Second World War the park was closed to the public and reopened in 1946 under new management. Today it is one of the most famous safari destinations in the world with all the facilities that one would expect from a world class holiday destination, but it has retained the untamed, unspoilt environment where you can experience Africa just as you imagined it!

DAY 2 KRUGER NATIONAL PARK

Rising early this morning we enter the Kruger National Park to enjoy a full day of game viewing. The abundance of wildlife presents us with opportunities for excellent sightings and the Kruger is also home to the famed members of Africa's Big-5. Truly the flagship of the South African national parks, Kruger is home to an impressive number of species: 336 trees, 49 fish, 34 amphibians, 114 reptiles, 507 birds and 147 mammals. Our Game drive through the park is in an open-sided 4x4 vehicle.

DAY 3 KRUGER NATIONAL PARK

While those who elect to do the optional morning walk will have an earlier start, we set out a little later today and travel the short distance to the Panorama Route. Strung along the escarpment that divides the central plateau and low-lying bushveld of the Kruger, the sights of the Panorama route offer us a day of scenic delights. We will visit the highlights of Bourke's Luck Potholes, the Three Rondavels and God's Window before returning to camp in the late afternoon.

Meals	Breakfast, Lunch, Dinner

The Panorama Route in Mpumalanga follows the edge of Blyde River Canyon, and includes some breathtaking views of the Three Rondavels, Bourke's Luck Potholes and the Pinnacle. Blyde River Canyon is the third largest

canyon in the world, and got its name in 1840 ('blyde' meaning 'joyful') from the Voortrekkers who passed through on their way to Lorenzo Marques (now Mozambique). It is one of the most spectacular canyons in Africa and its cliffs rise between 600m-800m from the riverbed. Possibly the best view in the whole of the Blyde River Canyon is of the "Three Rondavels - three huge rock spirals rising out of the far wall of the canyon. Their tops appear to have a hut-like rounded roof. They are named after the Swazi Chief Maripi's wives - from the lowest to the highest, they are Magabolle, Mogoladikwe and Maserote. Where the Blyde River and the Treur River meet, water erosion has formed one of the most remarkable geological phenomena in the country, known as 'Bourke's Luck Potholes'. Over thousands of years, surreal cylindrical rock sculptures created by whirling water have formed a series of dark pools which contrast artfully with the streaked white and yellow lichen covered rocks. Following the road and the Treur River south, there are further viewpoints; Wonder View, God's Window and the Pinnacle.

DAY 4 KRUGER TO ESWATINI

We start the day early with some coffee and traditional rusks before setting off through Kruger on our way to Eswatini. Our truck offers an excellent platform for game viewing as we make our way south. We exit the southern end of the park and travel the short distance to Eswatini border, our route this afternoon winds through the mountains and forests of this landlocked kingdom. Our destination for today is the Ezulwini Valley just south of the capital Mbabane.

ESWATINI (FORMER SWAZILAND)

Eswatini is the smallest country in the southern hemisphere and is one of only three monarchies left in Africa. The kingdom has been independent from the Commonwealth since 1968, ruled by a King who is appointed in accordance with Eswatini tradition. If he is absent, or unable to perform his duties for any reason, the Queen Mother

acts on his behalf. In the 1980s this tiny country made international headlines when it was ruled by two queens in succession. Following the death of King Sobhuza II, the Queen regent Dzeliwe Shongwe ruled between 1982 and 1983, and months later Ntombi Twala became the country's second female Head of State since independence. Eswatini is landlocked, bordered on all sides by South Africa except for roughly 100km of border with Mozambique in the east. Its natural resources are extremely well managed, and despite the country's size it lays claim to some of the best game reserves and national parks in southern Africa. Elephants, lions and rhinos have been reintroduced to the area after they disappeared due to hunting. It is also well-known for its prolific birdlife. Mlilwane Wildlife Sanctuary. Mlilwane was the first wildlife sanctuary in Eswatini, started in the 1950's by a local farmer, Ted Reilly, who has subsequently been instrumental in the conservation of Eswatini's natural heritage for many years. It is a beautiful, secluded sanctuary situated in Eswatini's "Valley of Heaven", the Ezulwini Valley, in between Mbabane and Manzini. The Sanctuary covers 4 560 hectares and comprises of a southern and northern section. The southern section is predominately open grassland plains with middleveld vegetation, stretching up onto the striking Nyonyane Mountain with its exposed granite peak known as the "Rock of Execution". Nyonyane is of great historical significance - it is where ancient San communities once lived and the Eswatini Royal family are buried there to this day. Behind these mountains, the spectacular Mantenga waterfall and beautiful Usushwana Valley form the divide, before stretching up to northern section, which includes one of the highest surrounding points at Luphohlo. From the western boundary, the huge Usutu Forest provides a dramatic backdrop stretching into the distant hills. Tourist activities are concentrated in the southern section, with only guided trails entering the pristine mountains of the north. Mlilwane means "Little Fire", derived from the numerous fires started by lightning strikes on the granite of Mlilwane Hill.

DAY 5
ESWATINI - MLILWANE WILDLIFE SANCTUARY

Endless hours of self-guided exploration within the small 4560ha Mlilwane sanctuary are possible due to the relative absence of dangerous game. This morning our guide will lead us out on a nature walk to explore the “Nature Trail” which provides interpretation of historical and environmental information of the area.

Greater St Lucia Wetland Park

Recently renamed the iSimangaliso Wetland Park, this sub-tropical paradise covers about 240,000 hectares and is the largest estuarine system in Africa. The park includes the southernmost extension of coral reefs on the continent, and covers 220km of the East Coast from St Lucia to the Mozambique border.

iSimangaliso encompasses a huge range of natural systems, ranging from dune, swamp and coastal forests to rocky and sandy shores, coral reefs and submarine canyons, and a mosaic of mangroves, savanna grassland, thickets and woodlands. It is the largest protected wetland in southern Africa, with large numbers of nesting turtles on the beaches; as well as the migration of whales, dolphins and whale-sharks off-shore; and huge numbers of waterfowl including large breeding colonies of pelicans, storks, herons and terns. The Park's unique climate and position have resulted in exceptional biodiversity including some 521 bird species. This is a UNESCO World Heritage site and you can learn more at <http://whc.unesco.org/en/list/914>

DAY 7
HLUHLUWE – UMFOLOZI GAME RESERVE/ ISIMANGALISO WETLAND PARK

We set out early this morning for a game drive in the nearby Hlululwe-Imfolozi Game Reserve, one of the last strongholds of the endangered rhinoceros. While rhinoceros are the most famous of the park's inhabitants, the park also provides a home to many other species, including the Big-5 that we all hope to see. Returning to our lodging for a siesta, we freshen up for an afternoon boat cruise on St Lucia estuary.

On the Pre-departure information your consultant sends you will be a lengthy list of what the locals offer in the various places we visit and spend time. These are as the name says totally optional and you do not always have to do an activity to enjoy being in an area, simply walking around the local markets or interacting with the locals is an experience with in itself.

General

All information is subject to change without prior notice, changes would always be in consideration of your safety first and a better-quality experience. This would be where we are able to make improvements, sometimes last-minute decisions due to the nature of the tour/event. Travel times and campsites can change depending on road or weather conditions, or any unforeseen circumstances. These are used as a guideline only. On our longer tours it is possible that your crew, truck and fellow travellers will change due to our unique tour linking system. Please ensure that you have received the latest version of this dossier- your consultant will send you a link to do this, we ask clients to download the latest tour dossier 1 week before your tours departure so you are up to date with any changes.

Meals

Breakfast: As breakfast is served very early in the morning (if there is driving or activities to be done) it is a simple but filling breakfast: Tea and coffee, breads and spreads, cereals, yoghurts, fruits and on occasion, when there is time for a later breakfast, guides will serve a hot breakfast of scrambled eggs, porridge, bacon or beans.

Lunch: Lunch is generally served at a picnic spot next to the road en route to a destination. As the guides only have approximately 45 minutes to get everyone off the truck, prepare lunch and then get everyone back on the truck again, lunches consist of sandwiches and salads (rice salad, pasta salad, tuna salad and green salad) which are quick and easy to prepare but which are quite filling. They do have meal plans which they should stick to, to ensure that there is variety on a day to day basis.

Dinner: This is when the guides get time to prepare a delicious meal and they focus on a substantial protein, vegetable and carbohydrate dinner. We serve traditional cuisine consisting of braais (BBQ), potjie (stew), bobotie (mince), spaghetti and fish and chicken dishes.

Most evenings are spent talking about Africa. Your tour dossier will have details of where you will be each night and the prices of meals if we are spending an evening at leisure in a city or town. After or during dinner, guides will do briefings, please use this opportunity to discuss things with them.

Special Requirements

Please confirm to us in writing if you are a vegetarian or if you suffer from any allergies (i.e nuts, milk, fish) (i.e. vegetarian), allergies (i.e. nuts, milk, fish). Where possible our guides do try and accommodate clients with intolerances (i.e. gluten, lactose), however we cannot guarantee the availability of speciality foods en-route and we therefore recommend you to bring these items with you or purchase them prior to departing on your tour.

Luggage

We advise clients to be as light as possible when travelling through Africa. It is not a destination where you want to lug suitcases and heavy bags around. Lodges rarely have suitcase ramps meaning wheels are sometimes more of a hindrance and also impact on the case fitting in the lockers. On booking the pre-departure info will have a packing guide to help you prepare, however please note hard suitcases are not suitable. Soft bags are needed to fit in the luggage lockers.

Pre-Departure Information Booklet:

Once booking has been confirmed we will send you a full and detailed pre-departure Booklet to help you prepare, below is some basic tour information.
